“ I love aunt Connie. I loved going over to visit with with her. When I was little we would go often. Her house was always immaculate and decorated so nice. My mom and I spent a lot of time doing things with her. We'd go visiting other family and make annual trips to Bear River and Brigham. I truly admired Connie for her strength and compassion she had. She has endured much!! I know she is together with all those that have gone before and I'm sure its a happy reunion. Love and prayers to all her family and those morning her lose.
