“ Mom Im going to miss you so much . You were one special lady, you meant so much to me , I really miss picking up that phone and calling you every morning and every night just to check in or you calling to check on me but I know deep in my heart you are with my Mother now and not a day will go by that you both won't be watching over me and my family and I will be thinking of you both. Thanks for all the things you taught me . Now you are free from any pain and with your loved ones that have gone before you ! Until we meet again I will keep you in my prayers .

Love you ,

Valerie
