“ I love, love Karen Walbridge! The things that she taught me and helped me with in my life are priceless. I couldn't ask for a better friend and I miss her. I know she is in a better place and free from pain. I'm thankful for her kids and grandchildren. They have glimpses of Karen in their features. I especially love her fun little giggle that went to her eyes. She is still a great example to me and always will be. - Terri Kirk.

“ Karen was a lovely person and I am thankful that I got to know her better this past year. The last time I visited with her, she told me that she had no fear because she knew Heavenly Father's plan. I know that she loved her family very much. I express my love and condolences to her family members. Cindy Roundy

“ I have always admired Karen and her dedicated raising of her children in the gospel. I became better acquainted with the family when I taught piano to Michael and Jessica when you were young. I'm grateful to have talked to you Jessica to find out your mom's condition the other day when you said she had only days left. We will surely be there for the funeral tomorrow with a sad heart she had to leave so soon, but relieved that she is out of pain and that you Jessica could have the last few weeks with her. You are a great daughter and we love you for being there when she needed you most. Love John and Gwen Smith.
