“ Kathy was always an efficient cook and fun to work with. Once her and I had a mini contest going. I thought blueberry cream cake was so messy to dish up to the students at Wasatch and she didn't think it was a problem at all, so she said, "I bet I can serve it all without making a mess." I didn't think that was possible. I watched closely as she served. She didn't make a mess at all. What was I going to do? As I took one of her empty pans to the dishroom, there was a little bit left, so I scooped it out and meant to just drop it on the floor next to her foot so she'd think she dropped it. Unfortunately, my aim was off and it dropped on her pant leg and rolled down to the floor. Boy did she give me the stink eye! I have always missed the laughs we shared since she retired, but I know she has missed her family that have passed before her. Kathy was truly loved!

“ I remember sitting on my couch and having a wonderful talk with Kathy while my kids played. She told me her story about her parents and Jason and Jennifer’ births and I remember thinking what a strong beautiful women. She and Allen were great friends and we will miss them, but I know they are happy to be together. Chris and I are so sorry we are unable to be there with all of you. You are in our hearts thoughts and prayers. We love you all and just come by if you need anything.
