“ Ah Mr. Day, you were a great teacher. You and I had an intense discussion one day about what nothing really is and I've never forgotten that conversation. That one discussion has sent me on a lifelong quest to understand the universe we live in. When the discovery of gravitational waves was announced, I thought of you. Your teaching has made me a better person. Thank you for spending all those years with a bunch of teenagers. You made a difference. Your family should be very proud of you.

“ Brother Day is the kind of person who impacts people's lives very deeply. I knew him as a neighbor and fellow church member. His wonderful testimonies and comments during Gospel Doctrine were always filled with knowledge and spiritual insight. He leaves a giant hole in the lives of so many. He will be missed and always remembered with deep affection. Much love and prayers to Nola and his family.

“ He taught me how to water ski on Utah Lake & boy was he patient & encouraging! The wonder of the galaxies & Universe were planted within me in my youth with Kent playing a dominant role of instillation. Many "family fireside meetings" & "visits" in our Kitchen were looked forward to as he set out the contemplating in questioning the deeper meaning in life (often accompanied by Carl and/or Wayne Day's encouraging sarcasm & a few cuss words- only THEY could put down with eloquence. What a inspiration of a man & leader, a pillar- shaping & forming the community around him. I love you Kent. I love you and your family, sweet & special memories over the passages of time... you are now joined with Day family reunion from the cream of the crop- I can only imagine. You're strong spirit will be sorely missed hear in this wordly world and I send out my love to your friends & family who pain in suffering from the loss. I know your legacy lives on... & will continue, expanding the

construct of "this young generation"

“ He is my dad's cousin but I grew up calling him Uncle Kent. He lived down the street from us in Highland and was always kind to me. I remember asking him many times if I could come ride his horses and he always said yes and would prepare the saddles for me and my friend. He will be truly missed. Sending prayers of comfort to his family.

“ This is Kent's cousin Mike Bringhurst. I will miss the wonderful gospel discussions as well as the discussions about astronomy that I had with Kent. He was always very knowledgeable about almost any topic that I wished to talk with him about.

“ Kent was a good friend I'm sorry I hadn't seen him lately.  
I'm hope Nola is okay.

“ As a member of the 23rd ward Connie and I had the privilege of having Kent as our Home Teacher. Never failed in this assignment even though he was health stricken. He was the neighbor in whom I would turn for an answer for a serious question. I loved this man and knowing he is in a much better place where love abides. With family that has passed on. Imagine the reunion with his folks and others...Nola was married to one on the best that Highland ever produced, he was a true Native Son...we miss him.....
