

Kinsey Lennon Parker

October 30, 1968 - September 2, 2015

Kinsey Lennon Parker was born on October 30, 1968. She passed away on September 2, 2015. She came into this world in her mother's loving arms and left this world being held in her mother's loving arms.

She was surrounded by the people she loved the most, the love of her life Dakota Parker her beautiful son, her loving sister Shannon (David) Symes, her other most important person and love, Wendy Zabriskie her mother and most wonderful caretaker. Her evil stepfather Paul Zabriskie who was lovingly accepted by Kinsey to be part of her journey in the good and painful part of her life. Her wonderful caretakers from Solstice Hospice: Katie, Becky, Ginger, Vicki and Joe who was a comfort for Dakota. Thanks to Doctor Wood, Foothill Family Clinic and staff for the love and compassion they showed Kinsey, They are in our hearts along with Kinsey's heart too.

She was a beautiful soul that showed love to all she met. Through all the challenges she had in life starting with a brain tumor at the young age of 13 years old, to the end she showed the most compassion, love and care for all the people she met in her journey of life. Her son will always remember her for her humor and unconditional love she showed and gave him. Her mother, for all the love and support she gave her even if Kins was ill or going through a difficult time. There was no in the middle, Kins loved all and showed respect and dignity for everyone.

She will always be remembered for the love she had for the children at Fred Meyers Playland which she kept so clean and happy. The mothers would leave their children in her care, leave the store for a few hours then retrieve them as if they shopped there for hours. Kins knew, but said nothing for she loved and cared for them so much. She will be remembered by cousins Stacy, Amy, Stephanie Thornwall at that time, and brothers Darin and Jacob Zabriskie, for the thrill rides she gave. Lagoon had nothing on her, going the wrong way on a one way road, entering the freeway on the exit. She loved to be with and take them for a great time as the big sister. A few dents but no bruises would stop her from taking them for a thrill ride or just ice cream. She loved her sister Shannon's kids,

Shyanne, Tazz and Savy very much. She would take Shyanne shopping and to get treats when she could, as for Tazz and Savy she would go over and play with them for she was starting to have problems that keep her from doing what she could do before. She had to give up her license and car. Her grandmother Gayle Bland would also miss her visits, they were so close that if you ever got the evil glare from Gayle, you knew that glare Kins gave was the same and could put fear in your heart. The two of them were close to the very end. Gayle went first, but Kins even to the last thought she was still here.

Kinsey missed her grandpa John Katter when he passed two years ago. She loved her aunt Lynnette (Jeff) Simper so much and her cousins Amy, Melisa and Eden. She also loved her uncle Randy (Mimi) Parker, they both always treated her so wonderful and her cousins Jenny and Stephane. She loved her step brother, Levi Richard Parker who preceded in death and her Grandma Ann Parker. Kinsey was so waiting for the birth of her great nephew Zion, her niece's baby (Shyanne Moon). Kinsey other step father, Frank Kottal whom she called Daddy.

Kins collected angles, so now the angles have come down and collected her for the life she tried to make for us on earth. Fly free angel, we love you and always will remember you. We will love you forever Kinsey Lennon Parker (Kinsey Bird).

“ Kinsey, its been a year now since you've gone and i miss you just as much now as i did the first day of losing you. You are and always will be my true bestfriend i sent you a butterfly in some religions or beliefs it means of the reserection. Or into new tansformation being anew . you wete always a bright spirit to us all here and now you shine on us even brighter from the heavens i truly believe that you do cause in my last letter i asked for your light to shine and it did i had a date for the last year that i shared with those close to me and i said something on the 27th of july was gonna be something big and awsome in the night sky, sure enough i believe it was your beautiful bright spirit going across the sky like bright pixie dust shimmering so bright, back to the butterfly , like a caterpillar that tranforms into a beautiful butterfly. You transformed into a bright angel of light beyond words can say. The numbers 813 create a butterfly by putting them close together it means. I LOVE YOU. Theres a jewelry line that makes this symbol for anyone that might want to look into it go to. 813onemeaning. Love you kins 4ever friends. Jennifer

“ Kinsey is the most beautiful, graceful, generous, and courageous person we've ever had the great privilege to have loved in this world. She is now certainly a most precious Angel in Heaven looking out for her most loved son, Dakota, devoted mom and stepdad, and all of the rest of her family and friends. We love you, Kinsey. Rest in peace. Love, Uncle Randy, Aunt Mimi, Cousin Jennie and Cousin Steffie.

“ Little "Magic Child", you taught me many things smiles count, how sneaky can be so cute, mischief is an attribute, joy, and love. Thank you for making our friendship so rich. We shared many books and stories and you never refused a poem. My life was so much richer when you were near. Enjoy your journey now that you are untethered. Rooms will be a lot more empty without you, now.

It's not what people think or feel about you that counts, It's what people think and feel about themselves when they are with you that matters.

“ Dear Kinsey,

I am gonna miss you so very much. I am glad I got to be apart of your life, you always put a smile on my face every time I got to see you or talk to you on the phone. You were not only my moms (Jennifer) best friend but someone I would like to say call my best friend too. You are so sweet and bright I wouldn't change meeting you for the world, I am very lucky to have gotten the chance to have someone as special as you to be in my life! God has taken an angel home, now all I have are the memories. Your memory is a keepsake from which I'll never part, god has you in his arms and I'll have you always in my heart. “ My dear friend Kinsey,

God gives us angels to watch over us and protect us but he also gives us earth angels among us. Some people aren't as lucky to be able to recogagnize or acknowledge those earth angels among them, but I did and I am thankful for having to be able to have been your friend you were like the sister I never had you had a light that shined so bright and an angelical appearance about you and humbleness that you could'nt help but to love you, your the strongest and couragious person I know, dispite some of the struggles in your life you were a strong spirit and I admired that about you, so much so I named my daughter after you so she could bare a name of such stregnth, beauty,and a light like your own that had so much love around to give and to receive, you will always be the light that shines in our hearts, my dear friend I am gonna miss you so very very very much but I know your gonna be looking over us being the Angel that you are always has and always will,(I love you Kinsey) your best friend 4ever thanks for being my angel and light in my life til we meet again, love always jennifer
