“ Thank you for always being there for us. My father was never in my life but God made up for that by putting a few good men in my path and you were one of them. I don't think any of us understood your mean love but it was unconditional and you managed to keep our family together and happy. Your grandchildren definitely got the best of you so I know they will never forget their papa. You provided for us no matter what the situation and that I will always be thankful for. You were one of a kind and a great example to the kids so they will grow up to know what a man is suppose to do and be in life. Now you're going to be back with our Lord... No more pain, frustration, or worry just happiness that you'll be with mom, Conrad and booboo again. Give them our love and remember we love you too. You've done your job, we will all be okay so now go rest in love.
