She is preceded in death by her parents, and grandson Lucas.

The family would like to thank Hillside Rehabilitation Center for the care provided to her these last few months and Dr. Stephen Edgely and the rehab staff of University Hospital who supervised care following her stroke some 5 1/2 years ago.

“ I'm so glad I got to know Mollie at the Orthopaedic Hospital. I was a Swedish girl that in 1971 was traveling in USA by bus. I broke my toe on a bus and when Mollie found out I was staying at YWCA she invited me home. She was so lovely and I stayed there until I was going back to Sweden.

“ I have a lifetime of memories of my Aunt Mollie, starting at the very beginning. I remember the excitement my sister and I felt knowing we were meeting up with Mollie, Jerre, and Jimmy at Grandpa's house in the Oregon woods. Then there were the special family days at Disneyland; closing the park down at midnight with Cocoa on Main Street. I remember hanging out and swimming at their house in Tujunga; I wore my first bikini there. And how could I forget "Gore Night" - we kids were in our 20's by then, and we would go to Mollie and Jerre's and watched bad horror films; it became something we shared with just them. For many years while we all lived in the Newport Beach area, the Allyns were a part of every party. We had sit around the table on the floor sukiyaki parties, as well as many New Years Eve and July 4th celebrations! I suppose if there is one thing that stands out in my memory of aunt Mollie, it's the laughter! She had a dry, somewhat sarcastic sense of humor and we laughed a lot! I love and will miss you Aunt Mollie. Leeper
