“ My deepest sympathy to the Ocania family. I am so sorry for your loss - we sure lost a great one! It's painful to think that he is no longer here with us but we know that he is in a much better place free from any physical pain and still dancing (for sure). I am grateful that I had a chance to say my final goodbye. That was a hard one because I considered him like a father and I will surely miss his presence most specially when he starts showing off all his dance moves - he was quite a character!... May our Father in Heaven bless your family with the peace and comfort knowing that families are forever and we will see him again. He will be greatly missed but his legacy will live on. Anyone who knew him will never forget the man that he was and he will always have a special place in our hearts. Love and BIG hugs to all of you!

“ I remember when "grandpa" picked up my cute but not so little nephew and rocked him on his lap. We all really got a kick out of that. Sending prayers of love and comfort to your dear family.
