“ Terry Stuwe lit a candle in memory of Oliver Isaac Jacobsen

“ Oliver was friends with our son and I smiled each time he walked into our house. He was such a pleasant, well mannered kid. We really enjoyed having him around because he loved to make us laugh. We took him camping with us a couple of years ago and the two boys shared a VERY small two man backpacking tent. They laughed all night long from the close quarters. Every time their toes would touch they would burst out laughing. We all giggled throughout the night listening to their jokes.

I saw him as a soft, sweet spirt and he is free. My heart goes out to your for your loss, you gave him a beautiful place to be here. He talked about your boarding times together, your garden and his siblings with much love and respect.

Sincerely,
Michelle Young
