“ I'm so sorry for your loss. There is nothing that can prepare a person for the feelings of losing a family member.

The Bible describes Jehovah as a God of all comfort, at 2 Corinthians chapter 1 and verses 3-4. One scripture that has brought so many people comfort is Revelation chapter 21 and verses 3-5 because that describes a promise from God that is specifically touching to anyone who has experienced the pain of losing someone. Again, my deepest sympathies for your loss.

“ I started watching Shawn last week and have pages and pages of notes of him detailing his repairs and changes to the EcoDiesel. I only learned yesterday from another YouTuber that Shawn has passed away, I want his family to know that all of us who knew him through YouTube appreciate the time and dedication he took to share his knowledge with us. My condolences to his family and I am choked up reading this into my phone as I feel like I knew the man well after watching 15 of his videos and the one he made it night on a road trip talking about who he was and it is. I will continue to watch his videos as I am very fascinated by the EcoDiesel and I think all YouTubers for putting up stuff that is of interest to us the watching public as any subject you are interested in is out there on YouTube and so many talented people are out there posting the videos and taking quite a bit of time and effort to do this with what may not seem like a very big reward for them except maybe the satisfaction of sharing. Thanks again Shawn and I will miss you. Dave Ram 3500 mega cab owner in California
