“ I really enjoyed the time I worked with Steve at Fairchild Semiconductor. He was always very helpful and willing to explore new ideas. He was also funny and fun to be around, with a positive attitude and a secret smile. He was an excellent technician and enjoyed his work. I'm sure he is an asset to those he shares his time with now, and awaits when he can be with all those he loves. Becky Losee

“ I had the privilege of serving with Steve in the Bishopric for a couple of years. My memory of Steve is simple: he was tremendously reliable and a faithful supporter of the Boy Scouts of America. In Bishopric meetings he made sure that we called strong Scout leaders and supported them completely. Then when tasked with any assignment, Steve would complete it in a timely manner and report back. I know that our Heavenly Father will have plenty of work for him to do now that he has started this new chapter of his eternal life. He will be missed here on earth, but I know that he is not lost and will never be forgotten. I send my condolences to the Larson family and pray that his memory will carry on as a positive influence in your life forever. - Lance Durfee
