Last Respects for Thomas James Roose

Friday, January 10, 2020

From 7pm to 9pm

3084 South 8400 West, Magna Utah 84044

I am writing to inform everyone who knows Tom or Carl Roose of the passing of Thomas James Roose. 2019 had not been kind to Carl and Tom. They lost their mother in August 2018 and that was especially hard on Tom. She had been his support for the past few years as he recovered from Cancer, changed jobs, Moved to Tooele, and other things.

Tom had some issues that really weighed him down of late. Carl and family were trying to give him love and support but could feel him pull away. Friends we have talked to have said that he seemed to be having a hard time. Although we are not certain we feel that his cancer had come back. Whatever his troubles were, they overwhelmed him after Christmas and instead of reaching out, he decided to end his life. He was found by his brother on New Year's Day, at home, with his little dog, Poncho.

Oh, how we wish we could have said or done something to help! Many times, in the last month or so we tried to show our love and support in many ways, but nothing was working very well. We know that some who were close to him were also reaching out right to the very end. Now all we can do is move on. We want to let everyone know that there will be a farewell viewing for family and friends January 10, 2020 from 7pm to 9pm in the evening in Magna, at his Brother's church 3084 South 8400 West 84044.

We would like to let as many people as we can pay their respects and say goodbye. We also, want to express our thanks to Tom's friends for being there for him. We hope to give many of you a chance for some closure. Please tell people you think of so that as many of his friends can have this opportunity. You are welcome to repost and share this message. There is no Obituary but there is an announcement and page on the funeral home website

“ Tom was one of the most loving and caring people that I have ever had the honor of knowing. He knew when you were down and low and in a instant he could have you laughing and happy. Tom did many great things for me and my family and he had a very special bond with my grand daughter Aubriana, they would laugh and play and tease each other every time they were together which was almost every day!! He is so loved and cared about by me and my family, he is going to so missed and how we all wished he was still here. I'm so Thankful that he has found peace and happiness again. Dear Roose Family may God be with you and help you thru this hard time. We are so sorry for your loose... Carrie Sanders and Family

“ It is with great sadness to realize Tom's life has ended. I am his aunt. I often took care of Tom and Carl when they were small. Tom was a cute little boy with a smile on his face and sparkle in his eyes. Sometimes the sparkle turned to being mischievous but he always had a good heart.

Tom called me frequently in the last few years, sharing thoughts and life experiences. I enjoyed those conversations. After his mother (my sister) died he wanted to give me something important. It was a unopened package with my name on it. He thought it was possibly portraits of my grandparents or something of value. My husband and I met Tom at a halfway point in Wyoming for the exchange, only to realize the package was my 9th Grade Science project. So humorous! Tom was a good, caring man and sometimes generous to a fault.

My regret is that Tom didn't reach out to his family when ne desperately needed support. He would have received it and more. He is now with God and his angels. I am sending him love and lighting a candle in his honor.

I will miss you Tommy.

“ The Roose's live directly across the street from us when we grew up. Carl and Tommy were younger than me but we still hung out and had fun as we grew up. Over the years we all grew up and moved away with careers and families. But our parents all stayed in the same place. A few years ago I was helping my parents with their yard and there was Tommy helping his mother with her yard. We hadn't seen each other in many years. It was so good to reconnect with him and find out about him and his family. We shared some great memories and stories. We traded phone numbers

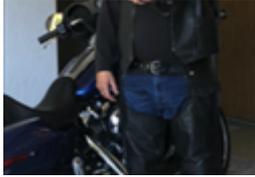

and have been texting to each other ever since. It has been good to reconnect with a blast from the past. My heart goes out to the Roose family. We Wallin's love and appreciate you and support you in this time of need.
