“ I remember Alexy always holding my arm and walking with me to class, but we wouldn't go straight to class we would always lap around the school laughing and rushing through others. Miss those days.

“ I was one of Alexy's 6th-grade teachers, and I truly appreciated having her in my class. It breaks my heart that she was going through so much and I had no idea. I am sorry for your loss but hope that you can find some peace in knowing that she brought joy to many of our lives in her short time on this earth. - Eric Taylor

I am a teacher, I know Alexy through her friends, I didn't have the honor of having her in my classroom. I just wanted you all to know how loved Alexy was and how much we wish we could see her bright smile again. We are here to support you. You will always be a part of the Patriot family.

*I am one of Alexy's friend since 6th grade. I remember sitting next to her in my 6th class, she would always compliment me. I miss you so much Alexy, hope you made it safe up there.*
