“ *I grew to know and love Alofa at the Avalon Care Center during the past 2+ years when I went to visit my husband who also lived there. From the very first day we met she always greeted me with a smile and a kiss and I felt a special connection with her. Even her final weeks when she could no longer physically reciprocate, her eyes would still light up when I hugged and kissed her on the cheek. She had a beautiful, warm spirit that we all miss. My heart goes out to her family. May God sustain you and fill your hearts with peace, that you will know she is well now and you will see her again. I am thankful I was blessed to count Alofa as my friend.*
