“ Despite the fact that I never personally knew Mandy, learning about this case breaks my heart! I hope and pray that your family gets justice in this civil dispute against the Salt Lake City Police Department. Their actions were wrong beyond measure, and they need to pay for their lack of discretion during that time period.

“ I loved my sweet niece Mandy. Her smile was her gift. She did not even have to speak a word because her smile always said enough. Her beautiful smile and child-like genuine faith will continue to be a light to us all until we are with her again.

“ Mandy has always been so loving and kind to me. Even though we're somewhat distant relatives, she's always felt like close family. I will deeply miss seeing her at family reunions and Christmas gatherings. I'll always remember her genuine smile.

“ When they talk of being genuine, Mandy was the gold standard. Conversations were easy and her smile was radiant. We got to go together to lunch sometimes when I worked in SLC and she was at DI, and they were a highlight of my day when we did. I am grateful to have had her in my life.

“ Mandy was a bright light in our family. I have many memories playing together at Bear Lake as little children and of her singing at the annual reunion talent show. I remember her singing “God Help the Outcasts” from the Hunchback of Notre Dame” movie and I thought it was so beautiful. I had never heard the song before and it became a new favorite of mine. As she grew she never lost her happy smile and kind spirit. She was just always happy to be with her family and loved ones. We will miss you Mandy, but we know you are close by in spirit.

“ Oh, my sweet, sweet Mandy. I have such a difficult time finding the words that I want to use!
You were like a daughter to me; my heart is crushed.
You became friends with my Aubrey in just the 3rd grade and became an instant daughter and sister to all of us. You joined in our weird family games, you played "I'm Parker" with the best of us!
I wish so much that I didn't let time get away and missed the opportunity of seeing you for many years.
Thank you for the love and joy you brought to our lives!
To the Mayne family, I am so sorry for all of this. My thoughts and prayers are with you! Thank you for allowing me the opportunity to have Mandy part of our family.

“ I offer condolences for the family of Amanda Mayne. I worked with her at the Murray Deseret Industries and I saw her a lot on the bus last winter. It would always be fun to interact with her. I already miss her.

Mandy, I can not think about you without remembering how genuinely sweet and kind you were to everyone you came in contact with. You had such a special way with children. Children love being around kind spirited happy people and they could feel that from you in abundance. Your smiling face brought so much joy to all those around you. I love you tons and will miss you.
