“ Laura, our hearts go out to you. Our thoughts and prayers are with you. Take Care. God is with you.

We were extremely sad to hear of Anthony's passing. He was a very unique and gifted young man. I especially enjoyed his swagger and outgoing style! I will always be proud to call him family. He will truly be missed by all. I don't think I will ever forget that mischievous grin and how he could light up the people around him with his energetic and upbeat personality.

He made friends freely wherever he went and always gave those he knew 100 percent great support! He was best known in his circle of friends and on social media for being a songwriter, a thinker and producer of music.

Everyone has some very fun memories of Anthony, he will always be remembered. We will always cherish our time and memories with Anthony.

He always dearly loved his mother and sister. His mother has always had our love and respect for her spirit of determination and dedication to Anthony, this has left a wonderful and lasting imprint on all of those around her.
