“ *I shared a little at the services yesterday, but I wanted to share one more thing. My grandchildren built a “hut” in the front corner of our lot and set it up with a table and benches etc. Bette could see them from her front window. She would go out when they weren't there and leave things in their hut for them. They were always so excited to find the treasures left by her. We will miss her. Rhonda Pilcher*

“ *My kids and I enjoyed spending time with Bette. We would go on adventures to McDonald's or the movies. We spent hours visiting. Bette had a special relationship with my kids. Tanner is very nervous trying new things. Bette had heard it was crazy hair day at my kids school. She reminisced dying her hair with kool-aid and pretty soon she talked Tanner into doing it. She came over the morning of crazy hair day with her own "crazy hair." Thank you for being a light in our family. We love you Bette!*

“ *Bette had a delightful wit about her. She could always make me laugh. She was blessed with a great memory. She could remember anything I said, even from earlier years. That got into trouble a couple of times. While she was staying with us, she loved to sit in a recliner and listen to George Strait sing old time gospel music. She enjoyed looking out our bay window watching the people and cars go by. We were blessed to know Bette and have her in our home. Christy Garner*

“ *Bette always wanted to give something to people who came and served her. Usually something very small and creative, but from her heart!* ”
