“ She is my Best friend at work. Its been a month now since her death. I still hear her voice in the halls. I still feel her presence. I cry every time I do SAP which is the department me and Bobbie met in. I will forever miss my best friend. Every day with our her isn't complete. I miss her hugs smile and laughter. I miss how she would make me smile no matter what. I miss having hours worth of conversation with her while we work. I love you bb gurl. Rest in paradise lover BB

“ She lived with a confidence and kindness far beyond her years. A loving daughter, sister, and friend, she always put others first and filled our days with happiness. She worked hard, dreamed big, and expressed her beautiful spirit through her love of makeup. Known for her bright smile and her sleepy cuddles, she leaves behind a warmth we will never forget.

“ Bobbie was one of my favorite third grade students that I ever had the privilege of teaching! Whenever she came by school she'd drop by to give me hug and say hello for years afterward. Bobbie's quick wit and loving sweetness will be missed greatly!

“ One of my favorite memories with her is how many times i’ve came to a family event she would drag me from everyone and we would just hang out in the room talking about everything we have experienced since the last time we talked. i’m going to miss that going to hide away from everyone and just talk about the most random stuff together. i love you forever sis <3

“ *To my Sweet loving baby girl, I am here near you and I hope you know I can't see you. I want to remember you when you came into the room and you gave me a hug. You asked what's wrong, I told you the bean pot hit my head and was told to sit down. You gave me a hug and told me you were going to throw the pot out. You made me laugh and Before you left to work you came in and said Love you mom and Dad. If only I could have hugged you longer. We are so going to miss you and your big smile. The sarcastic jokes you make and the video's you shared. Please know you were loved by many people. And your siblings will miss you so much. I will always forever love you.*
