November 1, 1956 - December 15, 2014

Brad Haddock

1956-2014

He leaves us devastated of his passing but grateful for having him in our lives. He will be deeply missed.

Brad was the grillmaster, his hamburgers and steaks were the BEST. Actually, we will never know if they were the BEST or if we were just starving because he took so long to cook everything. He always blamed the grill.

Brad passed away at the age of 58 on December 15th, 2014 at his home surrounded by his family and dogs. He was born November 1st, 1956 in Salt Lake City, Utah to Ben and Joan Haddock.

Survived by his mother Joan, his son Darren, his girlfriend Nancy, his brother Bruce and his three dogs Bailey, Tibber and Tinkerbell.

Preceded in death by his father Ben.

Brad requested no formal service. He will be cremated by Serenity Funeral Home. On Sunday December 21st, 2014 we will be having a gathering of family and friends to remember him. This remembrance will be from 2pm to 5pm at his home.

The family would like to thank CNS Hospice, particularly Jennifer for all their incredible care and support through this very difficult time.

"Please share memories, photos and condolences at www.serenityfhs.com."

When we first moved to Bron Breck Street in 1968 you were my first friend. We played ball, board hockey in your house. Competed against each other at Cottonwood Elementary School. We were very different and went our own ways, but you were one hell of an athlete, good enough to make a varsity high school team in baseball or basketball. Bruce was a riot, and you were a good brother to him. You transferred from Skyline to Olympus for your senior year and really never saw you again. Things get complicated with family sometimes; I can attest to that. All the best to your loved ones and just letting it be known you had an impact.

“ Brad,

It is one month since you passed away and I miss you more and more each day. You told me I need to get on with my life but I don't have a life without you. You were my life for almost six years. I cherish all the days we shared. I miss those days and would give anything to have them back. I will always love you. And you better keep your promise that you made to me. Someday we will all be a family again.

Love Always,

Nancy

“ Brad,

Our little girl passed away last night. Please take care of her and tell her mommy loves her and will never forget all the happiness she brought into our lives. She was our 17 month old puppy and made a huge impact in our life. Please tell her that someday we will all be together again. Until then.... I will always love you both. You will forever hold a place in my heart.

Love Always,

“ *It's ten minutes to midnight and I'm sitting in our home thinking of you and this past year. I wish we could go back in time and relive all those days. You meant the world to me and always will. This is so hard without you. Our music is so difficult to listen to, it just reminds me of us being together.*

It's five minutes to midnight and the tears are starting to fall. I would give anything to be with you one last time. I am wishing I could celebrate the new year with you.

It's one minute to midnight and the ball is getting ready to drop. How I wish we could kiss in the new year.

It's midnight and I am bringing in the new year without you. Nothing will ever be the same again without you in my life. Your presence will be missed on the start of another year and throughout.

HAPPY NEW YEAR BABY-WISH YOU WERE HERE WITH ME!

“ I once had something special
that money couldn't buy
I had a special person but
I had to say good bye.
If I were asked one question
why I thought the world of you
I could give a million answers
and they all would be true.
The heartache and the sadness
may not always show
People say it lessons
but little do they know.
Meet me in my dreams
and talk to me once more
and ease this everlasting pain
that makes my heart so sore.
The road without you is so long
a tear for every mile
but I know one day when my time ends
we will meet again
where we'll be together
for eternity.
Until then I will hold
you in my heart.

Love always,
Nancy

“ *Brad,*

Those special memories of you will always bring a smile to my face. My life without you is empty. I need you back so much. Our time together was so special, but way too short. If only I could have you back for just a little while. Then we could sit and talk just like we used to do. Our love was very strong. You always meant so very much to me and always will. Why were you taken from me? Why must I go on without you? I miss you more each day. You went away far too quickly. It all seems so very wrong. I think about you always, but that is nothing new. The fact you're no longer here will always cause me pain. I never wanted memories, I only wanted you. If love alone could have saved you, you never would have died. In life I loved you dearly, in death I love you still. In my heart you hold a place that no one can ever fill. It broke my heart to lose you, but you didn't go alone. Part of me went with you the day God took you home. Saying goodbye is never easy, it's the hardest thing I had to do. You're forever in my heart and our souls will never part. Just remember the promise that you made to me.

“Bard and I would get off work and go to breakfast and have some drinks every Sat. morning. Now this was. Way before he met Nancy. On one of these mornings we were eating breakfast and watching womens tennis. (Brad had a great sense of humor). Out of nowhere Brad turned and asked me if I believed in reincarnation, I told him I wasn't sure, I asked him if he did his reply to me was "Yes I do and when I come back I want to be a chalk line on a womens tennis court". Now how will I ever be able to watch a womens tennis match without thinking of one my very best friends. Many including me will miss you.

Does not mean I Am not there
Just because I Am in heaven

I want to ease your pain*

For I know heaven is real
If you knew the truth
How much better would you feel*

When you step out of the darkness
I will be standing in the light*

I remember the time Brad prepared delicious steaks for me Jerry and Grama-ma a few years ago. It was wonderful, and yes, it took a long time for the grill to get hot enough to cook the meat. Thanks for the great memory. Family Dinners on Sunday at Brentwood and Nantucket were great times too. Love Leslie
