

Brian Keith Hutchinson

August 4, 1965 - December 16, 2023

Brian Hutchinson (58) departed this Earth on December 16 surrounded by family as he departed for the happy hunting grounds beyond our knowing leaving behind his wife, Dodie, of 35 years, three grown children, Tyler (Tasha), CJ (Colton) and Amber (Travis). Several grandchildren and many nieces and nephews. Survived by two brothers, Jim (Nancy) and Reynold Hutchinson; he was preceded in death by his parents, Joan and Earl Hutchinson, his brothers Samuel, Daniel and Cheyney, and his sisters, Cindy (RJ and Laverna. Brian was known as a jack of all trades for the knowledge and wisdom he collected over the years doing various jobs and helping take care of his family and friends. He loved driving big rigs and did so as a career for over 25 years before reigning it in to work an easier job to be home for his grandkids. Generally, always wearing an infectious smile and quick with a joke he lightened up anyone's day with his quick wit. Always an outdoor enthusiast, Brian loved to Duck Hunt and was always looking for that elusive Canadian Goose. A passion of his since he was young, he had spent many a night sleeping out in the marsh to be there for the open before packing it in and getting a quick shower to scamper off to work for the day before returning for more that night and the following day. He dreamed of ranching and farming and driving a tractor for the rest of his days and spending time on the wrap around porch he'd built for his wife while they enjoyed rocking chairs. It was a dream he always shared while out on a hunt, sipping at coffee and waiting for more ducks to come in. Brian was an amazing friend, beloved husband and

father. Our lives will never be the same without him for the hole now left in our hearts. He will never be far from our hearts or minds in the days to come. In the spring of 2024 we invite you to celebrate an amazing life with us when we've taken some time to heal this deeply soulful wound in our lives with his parting. Thank you all for the journey.

“ I have so many really good and mostly great memories of Brian, with Brian. but due to the fact of being omitted, I'll keep those between Brian and myself. (Somebody made it look like RJ was with LaVerna,???, not Cindy). Is somebody confused?). Seems like whoever wrote his obituary had the need to leave me out. That's okay, most of my family- not all, have decided to omit me too. I honestly do not know what I did to deserve these measures, but this I do know- false statements (rumors and lies) were told. Everyone only heard that lying side of things and decided that would be the side to believe. Sad. I didn't want to do this here, of ALL places, but nobody responds "out there". Brian was a man among men. He was a champion of so so many good deeds and always looked for smiles, and gave them freely. I'm even sure that he would be okay with what I wrote here. He was the genuine article, that is unmistakable, a positive certainty. Still love ya brother Brian. Forgive me for any wrongs I've put upon you. Rest in Eternal happiness and peace.

I came back to erase a few things, because I started to feel really selfish and bad for writing about certain things. So, if whoever does read this, I'm sorry I could not fix it so that it was entirely about Brian. Mostly, I hope and pray that Brian forgives me.
