“ My dad was one of the best people I knew. I wish I had been better to him in the last few years of his life, and that is a regret I will carry with me for the rest of my life.

I love you so much Daddy, I hope one day I'll make you proud. It's been one year and I miss you so, so, so, so much. I can't wait to see you again. 💙

“ Chris provided great support for the Auckland Family History 2019, New Zealand.

It was a privilege to get to know him albeit from afar and have his support. Our deepest sympathy to his family and friends and colleagues for your loss. Chris will be remembered.

“ My favorite memory of Chris is; One time my dad out of nowhere told me and Chris to jump in that old rickety dump truck we had in front of our house and go to Newdale and pick up some stuff to landscape the yard. I think I was 17 Chris was 16. I was scared to death and I could tell Chris was too. We jumped in and headed off...in 1st gear. We crept into town and all was well. Once we got out of town we quickly realized we needed to go faster. We examined the decades old shifter knob trying to find 2nd gear. After some grinding of gears and mild whiplash we got to 2nd the 3rd and finally got up to 50mph. Windows down we were off. Evertime we needed to shift we would make a big scean laughing and yelling 'shift!' We had a blast. Chris was always such a good sport. I don't think I could have made that trip alone but his confidence in me and mine in him helped turn a terrifying trip into one filled with laughs and fun. Chris had a way of being there for me without even knowing it, whether at home, work or school. I just wish I could have let him know. Love you brother!

“ I love this photo - shows his very infectious smile and beautiful, caring manner.

Chris was the sponsorship representative for My Heritage to our organization, the Salt Lake Institute of Genealogy. He wasn't just a sponsor, he cared about the program, took time to visit to learn more about it and its participants, and was interested in all we did. I can only imagine he did the same in all other parts of his life.

My sincere condolences to his family and friends. What a great loss.

“ *Chris was a great person and a pleasure to work with. He always did a great job and was polite, thorough, knowledgeable and timely. Chris will be dearly missed. I will miss him not only because of the wonderful work that he did but I will miss his personality and his ability to make our working environment a better place when he was around.*

I sure liked Chris. He was three years ahead of me in school, but we did one or two extracurricular activities together. He was always just such a kind, nice person--I had that general impression of him, and it was good being around him. In fact, I remember feeling a little sad and missing him when he graduated.

I only met Chris once and he was so positive and focused on getting to know me, I liked him at once. I know his friends and family will sorely miss him, as will people he knew through his work for My Heritage.

Chris has been my go to guy for anything at My Heritage; Meeting him smiling and shining at every conference, I would make sure to come and thank him for being the liaison and such a supporter of our organization! He always shined with support and encouragement! My Prayers and deepest condolences go out to his family and friends at this difficult time. He will truly be missed! <3

A family member I didn't have the pleasure of knowing. But I know and love his mother, Julie, and I want to share my condolences with her. Your life has been filled with many sorrows that sometimes seem too hard to bear. But you are loved and you will find the strength to get through this. I'm sure Chris is enjoying being with the family members who have preceded him and he is in good hands for now. Love cousin Kathy

I am saddened at just finding this information out now but I was Chris' only missionary companion at the MTC and through his short, ableist honorable time in Oaxaca, Mexico. Loved him. My heart goes out to his next of kin. He was a gentle, kind soul and he shared with me many things about his life and what he's had to overcome to become the great man I am witnessing through all of your stories.
