“ *Dateline November 1975, Centerville , Ohio. The hapless North High School Panthers’ football team played perennial powerhouse Centerville High. We win the coin toss and they kick off to us. Curtis Whitmore catches the kick, streaks down the left sideline, untouched, nobody even close, for a touchdown and we make the extra point to lead 7-0. We all just looked at him in amazement as though he was a gift from God as there had not been many highlights that season. You are in the next season now my loyal friend. I will miss you.*
