“ *Debbie was my manager we worked together at DLD. She was the Best Boss she was a great example of what leadership is all about as she led by example. She taught me so much just by watching her and how she handled herself always professional. I feel Blessed that I was able to work under her leadership. She really cared about you as a person and co-worker and you felt it. I was saddened to hear of her passing at the same time I'm happy she is no longer suffering. Rest in Peace my sweet friend. You and your family are in my thoughts & prayers.* ”

“ *I have many fond memories of Debbie. She was a wonderful friend and coworker. We had many laughs together and shared a lot of stories of family, travel and what she wanted to do when she retired. I am so glad she got to travel with her sister. One of the many things I loved about Debbie is how she would make things happen. If she wanted to do something for herself or others she would find a way to make it happen. You will be greatly missed Debbie but I know you are watching over your loved.* ”

“Debbie and I were dedicated to playing Barbie and troll dolls as children. One time we went to the dump with my dad and Debbie rescued a discarded Ken doll with one arm, even though she had many other Barbie dolls she wanted to save that Ken doll. She had a heart of gold and was a great support to me growing up. We didn't get to see each other much as I moved out of state but whenever I called her we could carry on like before. We had much in common about how we looked at life and what was important. I will never forget her. I love her dearly.

I have known Debbie for about 59 years. When we were in elementary school we were allowed to come home for lunch. I would bring her home with me and my mom would feed us both. We played Barbie dolls with our other friends in the neighborhood. When I got married, she was one of my bridesmaids. We stayed in contact throughout the years as we both raised our families. As we got older, the group of friends from our neighborhood got together whenever we could for lunch and to catch up on each others lives. I am truly grateful that I was able to visit with her and her sweet son Sean a couple of weeks before she passed away. She is an important part of my life and I miss her so much. I will never forget her and the fun times we had together. I love her dearly. Rest in peace my dear friend.

Yes those some 59 years don't seem long enough. Playing barbies to having crushes on the Monkey's too many more childhood to adult memories we shared. Our neighborhood lunches were so fun but short. I'm so happy you brighten my life Debbie thank you for your love and friendship. Til we meet again. Rest in Peace my friend
