

Denvyre Haylee Smith

October 6, 1994 - July 21, 2020

Denvyre Haylee Smith, beloved daughter, sister, and friend to all passed away on July 21, 2020 after a long and courageous battle with pulmonary fibrosis. Denvyre is survived by her mother, Lisa, brother Dane (Lesley), and sister Devynne (Jake).

We knew she was special from the moment she entered this world on October 6, 1994. Despite the challenges she faced from birth, she was one of the strongest people you'd ever meet and always had the most contagious smile filled with joy and just a little bit of mischief. Anyone that came across her, fell in love with her instantly. She was a bona fide flirt, fearless thrill seeker, effortless comedian, and party animal. She loved roller coasters, going for long rides in the car, and dancing to live music. She could rarely be seen out and about without a sticker book, stuffed animal, or her giant rainbow slinky - sometimes her hands were full with all three. Growing up, she loved watching her older siblings play sports until she discovered her own love for playing soccer and riding horses. She was an avid "people watcher" and enjoyed saying 'Hi' and 'Bye' to her new friends she made everywhere she went. A local celebrity of sorts, she was more recognized by random people everywhere than all of her family members combined. She loved to open presents - though she did not necessarily care about what was in the wrapping - so she opened everyone's presents for them every Christmas and birthday. She loved to help with everyday tasks like unloading the dishwasher and putting papers in the shredder and had a part-time job clearing tables at Cubby's restaurant that she looked forward to every week.

Though we are heartbroken that she is no longer with us, we find solace in the fact that she is free and no longer in pain. She fought a good fight and overcame many obstacles in her short life but it was time for her to rest. We would like to thank all of the hospice nurses and caretakers and the staff and other clients from Imber Services. She was brought so much joy being a part of Imber and the community they shared, and for that we are forever grateful.

“ I was diagnosed with Idiopathic Pulmonary Fibrosis (IPF) four years ago. For over two years, I relied on prescription medications and therapies, but unfortunately, the symptoms continued to worsen. My breathing became more labored, and I experienced increasing fatigue and shortness of breath with even minimal activity. Last year, out of desperation and hope, I decided to try an herbal treatment program from NaturePath Herbal Clinic. Honestly, I was skeptical at first, but within a few months of starting the treatment, I began to notice real changes. My breathing became easier, the tightness in my chest eased, and I felt more energetic and capable in my daily life. Incredibly, I also regained much of my stamina and confidence. It's been a life-changing experience I feel more like myself again, better than I've felt in years. If you or a loved one is struggling with IPF, I truly recommend looking into their natural approach. You can visit their website at www.naturepathherbalclinic.com

“ Denvyre was always seeming to look up at Mom, Lisa Smith, so sorry for your loss! We know she is whole and saying all things she could not now, she can run, jump and play like she always wanted to do! It was fabulous watching the whole family dancing with her at Tyler and Chloe's wedding! So fabulous to see everyone! Sending strength and sympathy.

“ The love Denvyre had for her amazing mom is very clearly shown in this beautiful pictures. I have known Denvyre clear back when she attended Jordan Valley, through out this time she has been a silly and very spunky girl. She loved individual time spent with her and I am so blessed to have been a part of her life. Her contagious smile will always be remembered amongst many other adorable things this lady with a sweet personality had. She will be missed dearly. My deepest condolences to Lisa (mom) and all in her family.
Love,
Debbie Willden
