“ *Doug was like a second father to me growing up. He is an amazing man and has created a legacy of incredible Farley's. Some of the greatest people I have ever known, and who have all blessed my life. I will never forget his influence in my life and hope that friends are forever too.*

“ *I have great memories of Doug. I appreciate him welcoming me into his family hunting trips. I enjoyed his sense of humor and sitting around the campfire with him, his sons and grandsons. I will always remember how he showed off his shiny teeth. He, along with his wife, raised a tremendous family i will love forever. My prayers are with you all.*

I was fortunate to work with Doug on many masonry projects over the years. His craftsmanship and knowledge of masonry showed through on many of our projects. I always appreciated his willingness to teach me the trade, as well as his council on jobsite and life matters. All of us who worked alongside Doug became better bricklayers and people from his example. He was a great mentor and true friend.
