“ *Dear Chris, Debbie and Sandy's family, I don't remember a time when Elva and Frank and you kids were not part of our everyday family! Years and years of memories and pictures are part of our family that always included yours. Trips to Willow Creek and Vernal and Cedar View by your family always where times of laughter and many many great times that have shaped our lives forever. Elva and Frank were always just there loving and helping and always making sure you felt loved and needed. Our family photo albums are scattered with pictures of you all. Your parents home was always like a home away from home for us - the door always open and welcoming with food and a place to stay. As the years have passed for your mom without your dad I have had the pleasure of helping her with her car and she opened her home to me for several weeks while I needed a place to stay! Her love and concern and open arms where something that I shall never forget - always just like a mom! May your memories of her bring smiles and laughter as well as a tear to you all as you cherrish her life and honor her and your dad as you continue on in life. Whe will be greatly missed! Don't remember a birthday of mine that she didn't call or send a card and always a call to see if I wanted a watermelon when she headed south for melon days. Thanks to your families for sharing her (and your dad) with me as well as the rest of my family. Love and confort to you all!
