

Fanny Munoz

September 3, 1977 - June 3, 2015

Fanny Munoz was born in Lima, Peru on September 3, 1977 to Gumerciendo and Fortunata

Huamani . She attended Sor Ana de los Angeles High school. After a car accident in 2001

Fanny faced many different and sometimes very overwhelming challenges.

Nonetheless, she

was very brave and learned how to handle them.

Even though she was in a wheelchair, that never stopped Fanny from being a very active

person, she always had a smile and tried her best on things she was passionate about. She

was a beautiful woman with many different talents and gifts, she was very sociable and she

made new friends very easily, that's why people loved her company.

Fanny discovered that she could paint and turn it as a hobby, many times giving them away as

gifts. Fanny also loved helping people whenever she could, especially to people who needed

help in translating something from English to Spanish and vice-verse, also, she taught Spanish

to English speakers that wanted to learn or improve their second language skills.

In 2007 Fanny got married and she also enrolled as a student at the Salt Lake Community College where she worked as a Spanish TA. In her own words : “ I want to do my general studies at Salt Lake Community College and get the credits I need to transfer to The University of Utah to get a Bachelor’s Degree in Spanish teaching. I expect to be a good student and be practicing my career in five years or less, if everything goes as planned, I also expect to get much better at English with all the years of practice I am going to have on me.”

She prepared and gave different classes/ speeches at the LDS church where she belonged.

God was very important in her life and in her church she felt truly loved.

She will be missed.

She is survived by her parents and sister.
