“ The greatest memories of my Dad are many. He was very adventurous and loved the outdoors and passed that down to his kids - which I am very grateful for. He was always teasing everybody! But that was his way of showing affection. We all are missing you! But we know that you are in a better place and causing trouble! We love you!!!

Love always,
Brooke

“ *The greatest memories i have of my dad are: Fishing, camping, boating, our family nature drives and hikes. He taught me how to do yard work and of course how to use a hammer and screwdriver! You were also the most stubborn man i have ever met! But that was who you were and i am sure you are just as stubborn in heaven :) All your children and grand kids will surely miss you dad! You have made a impact on everyone's life you have met!*

The man upstairs has you now- took you away from your pain and suffering , forgiving your sins and preparing you to be whole again. Oh, and cant forget, i know you are up there building a kingdom with your hammer in hand and smiling.....

Love always,
Traci

I loved visiting Glen when he would be out walking BoBo. Glen was so hard of hearing I would be practically yelling so he could hear me, and the look on BoBo's face was hysterical! Glen was a friendly, hard-working man who will always be remembered fondly by the Penick family. Our prayers are with you girls!
