“ *I am so happy that I finally met Grace last year. She was absolutely glorious. I so wish we had been able to spend more time together. She did, however, share some wonderful family stories and information. My thoughts and prayers are with you all.*

“ *I miss Mom/Grandma very much! I miss her smile and her laugh and the twinkle in her eye! I learned how to do family history, make candy, and quilt at her side. She shared good recipes and good books with me. We spent many hours watching old movies together. She was such a kind and loving lady. She always wanted to make sure everyone was well fed. When you entered her home one of the first things she did was to ask if you were hungry or if she could get you something to eat. She loved all her children and grandchildren and great-grand children. She prayed for their welfare and was concerned with what was going on in their lives. She had great faith and was grateful for the sealing power in the Temple so we could all be a forever family. She made me a better person by her great example! I'll continue to miss her very much!*
