“ *I was so sad to hear of Al's passing. I only got to know him over the past year as we worked together but he made a big impression on so many of us at East High. What I did learn about Al was that he was an inspiring coach and a very devoted father and friend. My sincere condolences and thoughts are with the family.*

“ *Al was always a happy fixture around his home and in the community. His absence is already very much evident. I would see him out at this time clearing his drive way, and will miss seeing him at the tennis courts hanging out with friends, working in his lovely flower garden, or hanging out with his grand baby on the front porch. I was always guaranteed a smile and a wave from him. He had a beautiful testimony of the gospel and never shied away from sharing it or encouraging his children to do the same. I am grateful for the example he was and the pleasure of knowing him. Our prayers to his family. We will miss seeing your happy smiling face Al.*

“ *What a gentle giant he was, always kind and respectful, always smiling and enjoying life! I can't remember the particulars, just remember when working with him at AP&P he put a guy through a wall. Sometimes he didn't know his own strength. Such a great guy! My prayers for his family! Wishing you all the best!*

“ When I moved back to the neighborhood I remember Al was one of the first to welcome me, he had the biggest and warmest smile all the time. When girls camp got rained out we camped under the church pavilion. Al was worried about us so he parked his car next to us and kept an eye on us all night. I don't think he slept at all. He always treated me with true kindness and love. He is a great example of our Savior and I loved to hear Al's testimony of Him. Al has touched so many lives, he has raised an amazing family and taught us all. I am so grateful that my life was touched by his.

Thanks for that reminder of that crazy year at camp, and how blessed we were to have Al watch over the girls all night. That is just the kind of man he was.

“ I supervised Al at AP&P and became wonderful friends with him. We did many pig roasts in my back yard. Of course we did not have a rotisserie. We had a long pole with a handle and we would take turns slowly turning that pig over the fire for hours. One time a pig's foot was about to fall off. Al yanked it off took a bite and passed it to myself and then Cori Coleman. We all gnawed on that foot....best dang thing. He also made me try other parts of a pig I would never have done with out his convincing. In AP&P he was a wonderful leader. He was compassionate with the offenders until they broke the camels back. When Al's nostrils would start to get big I knew it was time for an arrest. Besides dealing with offenders he always bragged and showed me pictures of his family. He was a proud man. After I retired he became a supervisor. I always loved going back and seeing his smile and big hugs. Years ago he also hooked me up with his friend in Oahu that got my family in the Polynesian Cultural Center and showed us the Tongan life. I am truly grateful that he was my friend. Unfortunately due to the weather and my health I will not be able to attend his services. Aloha and Mahalo my dear friend. Condolences to his family. Donna Taylor

“ I remember Halani when I used to play volleyball with his girls. Like my Dad, he was intimidating in stature sometimes in face but in that same moment his smile would bring in light to the darkest room. I could tell how much he loved his kids and would do anything to keep them out of troubles way. For the short time that I've known him through his girls, who I love dearly, I can say that he's impacted me in spirit and with his service not just in his community but with the people who he crossed paths with. I know he's in a way better place and I am saddened that I would soon connect with my brothers amid sisters due to such tragedy even after many years being apart I know Gods plan of happiness is eternal. Rest in love Halani.

“ Al and I worked together on the high council in our LDS stake. I also worked with him in our LDS ward. I also worked with him in the Salt Lake City temple of the LDS church. He was a great man to work with and will be greatly missed. I hope that Jordan will still serve a mission. I am sue that is what Al would want. Our thoughts and prayers go out to everyone in the family. Let us know if there is anything that we can do for you.
With all of our love,

“ Al was a great friend and protector to all. During my time with him at Adult Probation and Parole, he responded to the hospital with me and others on a very large, out of control parolee. On the way to the prison, with the prisoner in the back, Al said, "Don't worry , Jennifer, I got this." After taking him into the prison, the man became more combative and I watched Al subdue him, something four security officers at the hospital were unable to do!!! Our condolences to the family. Know his passing is such a loss to many people.
