“ *One of my fun memories of my mom is going with her to watch her bowl on her lady friends bowling league. I remember how proud I was when she bowled a perfect 300 game! Quite a skillful bowler, I will never forget that time in her life.*

Another fond memory with mom was spending our summer vacations at Lake Tahoe with our Moore cousins. Those times were so precious and lots of fun times and laughs! I love you momma and will miss your fun and loving personality 🍷❤️🍷❤️

So many fun and sweet memories of Aunt Helen. We would often stay at her home in Bountiful when we visited Utah. Her Sunday roast beef dinners were delicious and epic in my mind. She was always busy and working to make her home a clean, safe and loving place for her children. I remember her “sprinkling” with water her clothes that needed ironing; rolling each article separately and putting them in a plastic bag in the fridge. I can still see her ironing in the basement while kids ran in and out, music played and her busy life unfolded. I loved her distinctive smile and laugh; as well as how her hands looked as she drove us from Grandma’s house to Bountiful. She felt familiar to me in her sense of humor, some of her mannerisms, her gentle nature that could turn feisty quickly. - just like her sister, my Mom. I love and admire Aunt Helen for continuing faithful despite many losses and hardships, to the very end of her life. I joy in the glorious reunion she must now be experiencing. I love you Aunt Helen ❤️

My favorite memories of Aunt Helen include the sweet relationship she and my mother shared. After my father passed away Helen called mother everyday to visit and cheer her up. My children fondly remember how they giggled together. Her example of devotion to those she loved, especially Grandma Billings is so appreciated. We all look to her example when tragedy and loss comes along. Aunt Helen just kept on moving forward and stayed true no matter what. Love you Aunt Helen. Til we meet again. 💕💕
