“ *Uncle Jacke always had a smile on his face and that laugh/giggle of his how could you forget it. I have a special memory that always puts a smile on my face when Rick and I got married it was a small wedding all local family and few friends but I wouldnt trade it for the world because the family pitched in decorated, cooked baked, took pictures and that was enough for me nothing real fancy but Uncle Jackie talked with Dad and next thing we knew thanks to Uncle Jackie the wedding would be videotapped and he would be our videoman then he went a step furnter and offered his limo from his business at that time so Dad and me could ride to the church and Rick and me could ride back to Mom and Dads from the church in style what made the limo ride even more special Uncle Jackie was our limo driver. Alot of people may think a big fancy wedding with all the bells and whistle is wonderful for them maybe and I dont want to sound rude but my wedding was the best because my family all had a hand in putting it together on the short notice they had and I dont know anyone that had their family come together and do so much. I will always have special memories.*

It's hard to put in words my feelings of Jack, I'm Jack's Brother Rick and he was someone I looked up to. There is nine years difference in our age but I can remember when I was sick and couldn't walk he carried me all the way home. When he was interested in girls I was playing with Gijoes. I remember when he got his first motorcycle. He took me for a ride, my first. ride on a motorcycle I was scared to death and held on to him so tight. He took me hunting, It rained the whole day and we didn't get anything but we had a blast. We had great times together. When he got his draft notice I was so scared that I would never see him again, when he didn't pass because of his blood pressure he was sad but I was so happy to have my brother. When I think about the motorcycle ride and the way I held so tight to him, I just wish that I could hold to him now .I love you Jack very much and hope to see you again some day. Love you Jack and will always have you in my thoughts and prayers, and always in my heart.. Rick
