“ *Janice was always one of my favorite residents. I will never forget the day she came into my office and said she wanted a job because she needed something to do. Her smile was so special and when her eyes lit up with something funny, she was so beautiful! I always threatened to wrap her in bubble wrap to protect her because of her falls, and was constantly asking her, "Janice, where is your walker?" And she would whirl around and go back to retrieve it. She was truly one of a kind, and now she is free and able to run and go to all those places she longed to be. Love and miss her!*

“ *I adored Janice from the moment I met her. I loved her smile and her determination. We spent a good deal of time together at Silverado. I was so honored that she enjoyed my company; I certainly adored hers. Janice, may you fly with the angels. I know you are free of the pain and constraints of your earthly body and that is something to celebrate. Please know your sisters loved and cared for you so deeply and did everything they could to support and care for you. Rest in Peace, beautiful lady. You are missed.*
