“ *I met Jo Ann two years ago. I was struck by her warm, kind presence and gentle smile. She knew how to listen. She knew how to laugh. And boy, did we laugh. As someone who feels painfully awkward in a group, she put me at ease right away. I know she touched many lives on this earth and will continue to spark fond memories.*

Jo Ann was a sweetheart. She was kind to everyone and will be greatly missed. I loved her Relief Society lessons. She was a great teacher and knew how to make you laugh. She was fun to be around.
