

Katherine Jones Douvris Hansen

May 8, 1944 - April 22, 2021

- Gone But Never Forgotten -

Born May 8, 1944. Died April 22, 2021, after a courageous battle with Parkinson's Disease.

Kathy, as she was known to all, passed away April 22nd with those she loved the most by her side. Survived by her daughter, Kary, and the shining light she called "Her Boy", Spencer. We are comforted knowing there is so much family waiting for her with open arms. The love she will have makes up for all of the sadness we feel.

Though life at times was very trying, it is and was a gift. Simply put, she was Our Everything. RIP my sweet mom- until we are together again.

In lieu of flowers, please donate to a Chapter for the Cure of Parkinson's Disease.
