“ *Kenna was loyal. If she had love for someone she would never let anyone badmouth that person. Best ironworker I've ever worked with. She was hardest worker I've ever worked with. I dont think I could do what she did everyday on a construction site . It takes a brave woman to work on a construction site being the only woman. She was a good friend .I have many memories of my friend that shows what kind of a person she was. And she was so proud of her children she would brag them up all the time. She was a real friend. I will miss her. This. World is so much less without her in it.*

“ My Mama is a champion in every way possible but especially for her kids, through the misery of severe mental illness we felt her constant love and seen her fight for us like the warrior she is. She'd always say she got her confidence from all the love she had received from family all her life and not only was that apparent to me just from the way she interacted to all the crazy good ideas she'd put together but I realized later she gifted the same self-assurance to me and my siblings. To feel her love was to feel complete friendship, passion and comfort always. So much passion this beautiful women had in her, my god the most. She had many plans for her babies in the future and in her name I now leave it up to me and my family to fulfill them all. Im now realizing this was supposed to be a memory but there's just so many, if I come up with the one most worthy of sharing I'll come back(: Mama, Happy first Heavenly Mother's Day and thank you for blessing me with 4 monkey heads I can cry to and love on forever . Hold my great grandma Honey & Tilini extra tight as I'm so jealous of that. I love you Mama, rest now.

“ Without a doubt Kenna Marie was/is the best childhood cousin I could have asked for. She tought me so much, to be strong, brave and outgoing and so much more, as I was six years younger I had so much to learn and look up to...She spent a couple of Summers with us and those were the very best childhood days, I will never forget those memories..making up games and dances,(She was THE greatest dancer! the movies and riding bikes, the trouble we may have gotten into;) Days at Grandma Honey’s and Uncle Dino’s, Aunt Tammie’s , she was the leader of the pack! My favorite memories are with her in them. She loved her family and family friends more loyal than imaginable. If she was going to be at an event you know you would be comfortable, accepted and have many laughs, she made everyone feel loved! When I was getting married she was so supportive, and first had my kids she had great advice I knew I could follow and fun stories always. I have missed those days and will cherish and keep her in my heart always. As I always have looked up to her bright, beautiful spirit, have missed her and always will. If you were lucky to know Kenna, you loved her. Unforgettable.

“ To Kenna's Family, Tammie, Shauna and all your family I would like to say how sorry I am for your loss. Kenna's smile could light up a room and that very evident by the many photos you have of her. I will share one with you and it was taken a few years ago at a party where a lot of family was present. We met new and old family members and it was a great family moment. Rest in Peace Kenna and know you will be greatly missed.

“ Remembering Kenna my niece brings to mind of all the family times shared when all the cousins were together and all the fun they would have. I remember babysitting her and Dano, spaghetti at gramma honey's, swimming, bbq's, dancing, tag, playing school, coloring, singing, sleepovers and pancakes (lots of pancakes). Kenna always had a smile, a hug and could always make me laugh. I will miss her and cherish the memories. My heart goes out to all the family and friends that knew her because honestly to know her was to love her.

“ The memory that Enedina Stubbs would like to share is the late evening visit she received from Tammie & Kenna. It seems that Tammie went to pick up Kenna from work and it was on their way home they decided to pay a visit to Kenna's Great Great Aunt Dena. They spent some time together sharing family stories and Kenna was able to see some family and also see the pictures of her Great Great Grandparents Gregorio & Euphemia Astorga. Not long after that Dena received this beautiful picture of Kenna. She has always treasured the visit and the picture.
