“ *Oh, how we love Brother and Sister Snarr. We will miss his smile and spear-o-mint lifesavers. He let me and my son Ethan come over for an evening to interview him about his life for a school assignment Ethan had. He had such a passion for helping others, airplanes, televisions and his family. I will miss seeing him sitting next to his beautiful wife Gwen, on the back pew of the chapel in the center. What a kind and gentle man.*

“ *I worked with Blaine at Eyring Research Institute. He was very kind and capable. One time, he came to my home with a remote control airplane he had built and flew it for my children and me. He was (and still is) such a good man!*
