“ My sweet Angel it was your birthday this month 02-16 you would've been 34yrs how i would have loved to celebrate it with you. Well i did but not the same without you ,we enjoyed all the favorite foods we could think of and songs to play, memories to share. It was nice ,but i missed you all that much more. The kids are doing good, i am always thinking how would you do this, that ,if you were here so out of respect i go by old conversations we had ,to help what your choices and decisions would be to make for them. Not every body agrees , but i go with what i know you wanted. I love and miss you soooooo much hope you still had the best birthday .it will always be a very special day for me the day god gave me an angel.then he called you back home, i am thankful for the time i had. Looking forward to being reunited again. Love always&forever. Mom
