“ I met Kyle in 1988 and we became instant friends. He has been a strength to me on so many levels. After kindly and patiently listening he would often offer a firm dose of reality that would reset me for months. I loved his eternal optimism and positivity toward what lay ahead. I will miss you my friend, I am much better for having known you.

“ We say goodbye to a great one. Words can't truly describe the pain we are feeling. Kyle was and is an amazing man. I would not be where I am at today if I had never met Kyle in 1999. He was instrumental in putting me on a path that shaped me to the man I am today. Tomorrow we mourn his loss, but celebrate his life and greatness! He can now build that mansion he always desired for his amazing family. Love you buddy.

“ I have known Kyle and his family pretty much my entire life. Kyle was one of my best friends growing up. We went to school together, went camping together, rode motorcycles together, and pretty much everything else boys do while growing up. I will miss him dearly. My condolences to Jill and the girls, and also to his mom, dad, and brothers. Thinking of you all at this difficult time.

“ Jill, my condolences to you and your daughters as well as the Sutherland family. Kyle is greatly missed. Having known him and his family since as long as I can remember, I feel like I am missing a brother. We went through 12+ years of school together, cub scouts, boy scouts, became eagles scouts and did many high adventure activities and art classes, priesthood quorums and a mission. I only wish I was able to get to know you and your daughters. After college I moved out of state to Arizona but hope that we can meet again soon.

With love, David Shreeve
