Leonard was a funny guy most of the time. You could always go find him and he would join right in the adventure. He would share in the work to be done with the scale truck because that sometimes took several of us. His work was always very well done. He always carried his work and helped others do theirs. I have missed him for quiet a while and am sorry he has left us for a better place. Lots of people will remember him as one of the good guys. Keep up the smiling attitude about a good guy.

“ Leonard was as true a caring friend as we will ever know. His smile was infectious and his "Always there to help" attitude was a constant reminder of the kind of person he chose to be. He left his mark on all of us.

“ Leonard was a great friend to me as well as many others. He always wanted to do his best with any project he started. We use to have little side bets going all the time, for a coke or lunch. I remember a bet over B.Y.U & U of U football , Leonard won the bet and I painted the Pepsi Can Blue with a white B.Y.U on the can. It was like a trophy that sat on his desk for years. I loved working with Leonard because of the smile's , jokes , and the atmosphere that was created by him.

Leonard was not all fun and games he had a tough side to, he didn't like to show that side very often but it was his job to make sure things were right . He would be polite and patient in making his point, and how things should be. A few times I watched a transformation take place. Leonard would change into a Montana Grizzly it was kind of like watching the Hulk. I was pleased to have him on my team on days like that. He like the Hulk was soon back to normal with things in there proper order.

I know how much he cared about family and friends especially his Heidi.
Rest In Peace.

“ Leonard was my best friend at work and I will miss him greatly. He was one of the most generous people that I have ever known. He ran a snack bar at work and he would donate all the proceeds to charity. He would often buy me a coke to try and bribe me to fix something, but he knew that I would have fixed it anyway. He just wanted to be nice. I looked forward to the traditional flip for drinks at his snack store. It was always fun to have a talk with Leonard. Rest in peace.
