“ I will miss our talks about rock & roll, the 80's, big hair, how much she loved birds, her dogs, hearts (well things shaped like hearts), her super cool husband and her beautiful daughters, camping and spending time with family and friends. You will be missed by many. Rock on my friend!

With love,

“ Letha made many friends throughout her years at Sundance. Such great memories to hold forever in our hearts, her Halloween costumes were the best. She was one of a kind and will be missed. Wishing her family courage and peace during this difficult time.

“ Letha and I often debated her actual height. I knew she was 5' & 1 3/4", but she was adamant she was taller, saying, "5' 2", eyes of blue" every time in response. The impact she had on the lives of others was much larger than her actual stature. You could not help but love Letha and appreciate the blessing it has been to be around her. Best wishes to the Sweetring Family!

“ Letha, I am very blessed to call you my friend. We worked together for 20 years and there are so many memories and so much laughter that we have shared over that time. There is no doubt you will be missed in SO many ways. As others have mentioned...football pools won't be the same, Halloween costume contests won't be the same...our lives without you won't be the same. We are sad at your loss but we celebrate the joy you brought into our lives and we will continue to remember you with fondness and smiles. Our love and support goes out to your family at this difficult time.

“ What to say about Letha. Letha's hair. Those of us with thin hair were jealous of all her hair. I didn't like the blonde color but she said it is to cover up all the grey. I remember the first time we ever met her. Trace brought her to dinner on our patio. She helped with everything. She was the cutest little thing we've ever seen. Then it was not long before she moved in with us. I used to take her to work if Trace was at work, then I picked her up. She always smelled of french fries. It was so good! Letha didn't like to be hugged but I hugged her anyway when we left her house to head home. Those last few months she would say "I love you" instead of love ya bye. I don't remember the last time we heard her laugh. Fly with the Angels Letha. We love you, rest in peace.

“ I worked with Letha at Sundance Catalog Company years ago and she was the best Supervisor anyone could ask for! She was always happy and funny and knew everything about everything! She made coming to work fun and always made me smile! She even brought her family to my wedding reception in 2006, and that meant a lot to me as a new employee. She could multitask better than anyone I knew and made it look easy. She will be missed! My thoughts and prayers are with her family.
