“ Mom,

*will miss you so, so much. You always supported me. Even when I wasn't always doing the right thing. I have fond memories of going fishing and hunting, going on drives and you being right there. I remember catching frogs at Bullfrog, catching fish at strawberry, and yes being rushed to the hospital from Lake Powell to Blanding after the cow killer bit me (yep, I kept playing with it). I remember going through the streets of Green River and you yelling for our dog Voodoo. I remember telling you that I had joined the army and you immediately wanted to know what general you needed to talk to to keep me from going but you answered the phone when I got to Fort Leonardwood so I guess you weren't that mad. I am what I am because of you and you will always be on my mind today and everyday. Love*

*Lynn*
