“ *Maria was my best friend. A true friend till the end. We met in the 10th grade and had been friends for 20 years. In recent years other friends have come and gone but Maria was a friend for life. She was the most genuine person I'd ever met. I always admired how strong she was no matter what life had dealt her she made the best of it. I loved her rebel spirit and though she put on a tough front out of necessity in this sometimes harsh and cruel world, she just wanted to be loved and accepted for who she was the same way she truly loved and accepted everyone for who they were. She was always forgiving and understanding and saw the good in everyone. She was always gracious with a great sense of humor and I'll miss her laugh and smile. Words cannot say how much she meant to me and how heartbroken I am that she is gone, but she will be forever in my heart and I hope to one day see her again. She left this world far too young and she bravely fought her battle with cancer till the end. I'll always cherish the memories I have of her. She was an amazing friend, mother, daughter, and sister. This world is less without her in it and she will never be forgotten by those who were lucky enough to have known her. May she rest in peace until we meet again.*

“ *Maria was my daughter Brittney's best friend for over 20 years. For many years they were inseparable. Though Maria struggled her entire life with health issues, she was one of the strongest young ladies I ever knew. We are going to truly miss her.*
