“ *To the family of Arlene,
I send my condolences to you. I was glad I got to know Arlene as her doctor for many years. She was always so kind to everyone in my office every time she interacted with us. She had a lot of frustrating medical problems that could not be cured, but she endured her problems with bravery and stoicism. Even when she wasn't feeling well, she was appreciative of any help we could give her. She had quite a personality that I will miss.
Sincerely, Ann Richards M.D.*
