“ *Christy & Nicole,*

My thoughts and prayers are with you and your family during these hard times. I remember when Marty would come into my office to chat. He would tell me of your trips and of your horse. He was always happy and beaming when he spoke of you. I enjoyed working with Marty and will miss him.

Marty has been part of our family since I was a teen. He was always so quiet, but I knew he would be there for me and my family especially if something was leaking or one of us had any car problems. We all knew we could count on him to come to our rescue.

My Mother was so, so happy that one of her daughters out of 4, was marrying a Japanese man. LOL!

Marty loved his daughter Nicole very much. It was nice because all three of them shared a common passion which were their horses and attending horse shows.

Marty will be greatly missed and truly remembered by all of our family especially around all of the the Holidays when we all came together.

Thank you Marty for being a great brother-in-law! I will miss you.

I met Marty by way of working for Wheeler Machinery Caterpillar and his work with the FAA. I was a brand new Product Support Rep learning the ins and outs of machine repairs and Marty needed an engine replaced on a Dozer. Over the coming months we got to know each other and I was so thankful for his patience with me. I had so much to learn and he was incredibly helpful throughout the whole thing. I am sorry to learn of his passing. Thanks for that first big win Marty.
