“ *Megann you have been my best friend for the past 17 years. Even though we were not as close to each other as we were. When we got to see each other or talk on the phone its like we picked up right where we left off. I miss our Saturday night bar nights. Driving around and while Camie and Dez dance in the back seat. I miss the sound of your kids running and playing. I miss our lunch or dinner trips to South China. I miss the way you could make me laugh when I didn't want to. There are so many things I miss but most of all I miss you. You are more then just my best friend you are like my sister. I will cherish the time I got to spend with you. I will keep the memories I have close to my heart. I love your children as if they were my own. And I am thankful you left such wonderful pieces of you behind. RIP BFF!*
