“ *I worked with Mel the last 3 days that she worked. She was always great with her patients and was such a good team player. She always treated me with respect and made me feel capable of doing my job. I was always happy when we got to work together because I knew she would be positive no matter what challenges we would be faced with. I will miss her.*

“ My very favorite thing about Melissa and I think what I will miss the most is her sincere yet impish smile and the inner warmth I felt with her pat on my shoulder. You truly were a gift in my life that I will cherish for ever.
