

Michael John Woodbury

February 25, 1983 - December 26, 2025

Our superhero, Michael John Woodbury (Mike_el), died from Kryptonite (Myotonic Muscular Dystrophy and Influenza A) on December 26, 2025.

Michael, born on February 25, 1983, graduated from the University of Utah in 2015 with a degree in Mass Communications and a minor in American Sign Language. He had a passion for reading and writing, which he pursued throughout his life. A natural performer, Michael took to the stage in numerous theater productions at South Hills Middle School, Riverton High School, and the Herriman City community theater, where he delighted audiences with his charisma and excellent sense of humor. He expressed his authentic voice through music.

Michael cherished his pets, who brought him immense joy and companionship. He brought light to anyone and everyone he met, and his superpower was a relentless drive to make every place he went a pleasant space to be.

His best friend and advocate was his brother Chad, and this dastardly duo fought valiantly against their nemesis, Myotonic Dystrophy (DM). The two of them understood each other, complemented each other, and made each other's lives richer.

He is survived by his brother, Chad B. Woodbury; mother, Ann Woodbury; brother Kent Warren Woodbury, Jr. and partner Tanya Platt; sister Andrea McCullough and brother-in-law Mark McCullough; and nephews Dakoata McCullough and Kiason McCullough;. He was proceeded in death by his father Kent Warren Woodbury, Sr.

In lieu of flowers, the family would appreciate donations to the Myotonic Dystrophy Foundation at <http://give.myotonic.org/Kent-and-Michael>

The demise of this beloved warrior has left a void that can never be filled.

“ Mike loved to tell a good joke! Or a bad joke. Mike loved to laugh! As a fellow theater geek and choir nerd, he and I really enjoyed performing together. He always brought incredible energy and positivity to every practice, rehearsal, and performance. I will truly miss him!
