“ *I was heartbroken to hear of Nancy's passing. She was a childhood best friend and I loved her dearly. Over time life got in the way and we slowly drifted apart. Nancy has been on my mind a lot lately and I kept thinking I need to give her a call, a missed opportunity I will always regret. We shared so many great memories. I remember we both cried our eyes out as I got on the bus for a weeklong trip to California. You are burned forever in my heart Nancy.*

Love you,

“ Paul, Jeff and Angie,
We and our children are so very sorry to hear of Nancy's passing. We pray that God's comforting hand will be with all of you during this difficult time. Even though we do not see one another very often, we cherish the friendship we have with the Mortensen Family. Nancy was a great woman and will be truly missed by all who knew her.

“ This is Nancy's cousin Larry Black. Growing up my dad must have had lots of school meetings in Salt Lake and we stayed with Nancy's family. I remember how much fun we had playing, goofing off and getting into trouble. I have appreciated very much how Susan and Nancy have supported our family by attendance at family funerals. Thank you so much, Susan and Nancy, for being such good cousins. We love you.

I got to know Nancy just a little bit when we bonded over the loss of our baby Bea, but was so impressed with what a special person she was. Her gracious sweet spirit shone in her face and gentle manner. I will always feel so privileged to have gotten to know her. My prayers are with your family during this hard time.

How I love Nancy's sense of humor and the fact that she was so often telling a joke on herself. What a delightful friend she has been over the years! Heaven is a much happier place with her in it. Our hearts go out to all of you! I am sorry I will not be at the service but will watch on line. Much love and many prayers are sent your way. Shelley Alvord.

I met Nancy in second grade in 1961. I enjoyed her friendship very much in my childhood. We later went to high school together and later renewed our friendship through our mutual friends the Joneses, and our high school reunions. I commiserated with her by text over her last two nasty illnesses. I'm so sorry that this befell her. I'm relieved that her suffering is no more. My love and best to Paul and the family.
